

DEMOLITION HEADS

A new improved version of the most reliable and robust grinding head. These fully refurbishable demolition heads give you confidence regardless of whether you are grinding the toughest floor grinding application, or finest floor polishing application.

FEATURES & BENEFITS:

- Fully refurbishable – no more throwing away of worn out heads.
- Replaceable head pins with hex head for easy removal on replacement.
- Replaceable head mate with second set of holes enabling second use before the need to replace them.

APPLICATION:

Floor grinding and polishing applications.

SPECIFICATIONS:

Available for King Concepts/Husqvarna PG530, PG680 & PG820
